

IN THE COURT OF APPEAL OF THE STATE OF CALIFORNIA SIXTH APPELLATE DISTRICT

This case is complex and a small part of an even larger complex case - 1-08-CV-109152 (misdesignated as not) now lying in remittitur as all such misdesignated and misjoined cases will against a plaintiff. "See me" the court told me. And boldly so. Twice. And it was absolutely correct (I just didn't know it at the time -- a complex case *must* begin with an ex-parte hearing). "See me" -- but this also has been redacted from the transcript. Which would have never occurred either had it been *recorded*.

Complex case website document repository: **publicforall.com** (that I'm way way behind on updating)

Appellant:

Geoffrey Lloyd Mangers,

4124 Ross Park Dr., San Jose, CA 95118-1761

Tel: (408) 978-8646 Email: geoffrey@mangers.org

Attorney for Appellant (still absent):

The Lanchester Settlement (\$3.9 million)

of which I am a member and has as yet to lift a single finger to help me, because the wording of CCP §384 has subverted its intent and created a class of Unpaid Plaintiffs. Why haven't all those millions been turned into "Law Stamps"? Instead of a bunch of "Good luck to you sir" (David Grady, Boalt Hall) charities sending you along your way each time (if you're *ever* lucky enough to get through to on all those "dead end" voice mail phone numbers). I want CCP §384 fixed by the Legislature and a lawyer to sue all those charities and their lawyers & lobbyists for all those millions they've stolen from our class.

Motion to Correct the Record

Initiation of Service upon the California Legislature (Senate and Assembly ~120 parties)

(INITIAL Motion and Service to be completed within the 15 days of default = Dec. 26)

I fear another extension request would result in a denial. I understand the default period would be 15 days. I wish to ask for that period to complete my service and the writing of this *initial* Motion itself). The completion of the writing of the *entire* Motion is beginning to look complicated* and I could use some assistance. Perhaps Glenn S. Koppel might know someone willing to help me with it and be kind enough to tell me.

*: "When Push Comes to Shove Between Court Rule and Statute: The Role of Judicial Interpretation in Court Administration" Santa Clara Law Review: Volume 40 | Number 1 Article 4 - 1/1/99. I've only had time to quickly scan it. And I'm sure there must be many many other articles on it also: *California Court Reporters Assn. v. Judicial Council of California (1995, 1997)*

"No your Honor, this is what you said..

.. here, let me play it back for you."

(How many court reporters have ever said that to a judge?)

I'm out of time. The rest will have to be appended (*but "I'm moving.." it's getting done, too much to add now*)

I declare under penalty of perjury under the laws of the State of California that after my signature appears below that on December 17, 2012 all of the parties listed on the reverse side of this page filed with the Sixth District Court of Appeals, will have been served with this by mail, including publicly so on my website document repository publicforall.com.
